Education

Saraswati College of Engineering	**Aug 2021 – June 2025**
B.E Computer Science and Engineering – AIML	
Ryan International School Navi Mumbai	June 2021
HSC (Class-XII)	**Percentage: 74**
Ryan International School	June 2019
SSC (Class-X)	**Percentage:84**

Skills

Programming Languages: Java, JavaScript, Object Oriented Programming, Data Structures and Algorithms
Tools and Technologies: SQL, MYSQL, HTML5, CSS, Bootstrap, MongoDB, Express JS, Node JS, Git, GitHub, Operating System, Computer Networks, DBMS

Projects

1. Student Study Portal | HTML, CSS, Bootstrap, Python, Django
Student Study Portal is a web-based platform designed to help school and college students stay organized. It provides a suite of tools to help students plan their coursework, manage their homework, YouTube, lectures, books and Wikipedia.

2. NGO Web-Service | HTML, Tailwind CSS, React, MongoDB, Express JS, Node JS
Supported the development of a non-profit organization's website by designing and implementing the user interface and CSS styling using React. Managed user interactions and feedback through a MongoDB database, handling CRUD (Create, Read, Update, Delete) operations to ensure dynamic content management and user engagement.

Experiences

1. Solved 115 + DSA (Data Structures and Algorithms) problems on Leetcode
2. Participated in Code Crafters Hackathon in Feb – 2023
3. Deployed Personal static websites on Netlify

Certificates

Java Basics to Advance: Scaler	**SQL Intermediate: Scaler**
Campus Placement and Training: Campus Credential	**Certificate of participation: Code crafters hackathon**
